

## FROM THE PRINCIPAL

Dear members of the Lisieux community,

I hope all our students, and their families where possible, enjoyed a restful break over the long weekend. After a week of daily swimming, the extra time was much needed as many of our students were very tired. They returned to school with great energy on Wednesday and we headed straight to The Geelong Gallery to view The Archibald Exhibition. It was wonderful to listen to our students discussing different artistic representations, commenting on their favourites, as well as the messages they saw in each piece. We have had a big focus on The Arts this term and you will be delighted when you see some of the student artwork on display at our upcoming Art Show. Please make sure these dates are marked in your diary.

**The Art Show** will kick off with an adults only gala opening on Friday night between 6-8pm. Children will have already viewed the exhibition in the afternoon, so if you can arrange babysitters for the night that would be appreciated. We will have a champagne bar, live music and some nibbles on the opening night. The Show will continue over the weekend on both Saturday and Sunday afternoons between 2-4pm. Entry is via gold coin donation and there will be art works to bid on, as well as view. As the first official opportunity to view our new building, we are hoping for a good crowd. If you are one of the generous, creative people who offered to re-design a chair for our silent auction, please arrange to return it to Lisieux within the next week.

Sadly, one of our much-loved chickens, Tiger, died suddenly last weekend. While some tears have been shed, the experience has helped us to reflect on the value of pets. What we have observed this year is that our chickens have become much loved friends; they have also encouraged responsibility and brought us some happy moments. Many of our students (and some staff) have shown courage and resilience in learning to handle and care for them. This experience has also provided an opportunity for us to discuss death in a non-scary way and to talk about it as a natural part of the cycle of life. While Tiger cannot be replaced, we hope to add another chicken or two to our Chook Palace in due course.

God's blessings for the week ahead,

Susan Ryan

## 2018 Student Residential Address and Other Information collection notice

This notice is from the Australian Government Department of Education and Training (the **department**), to advise you that the department has requested that your child's school provide a *statement of addresses*, in accordance with the *Australian Education Regulation 2013* (Cth) (the **Regulation**).

A *statement of addresses* contains the following information about each student at the school:

- Student residential address (**not student names**)
- Student level of education (i.e. whether the student is a primary or secondary student)
- Student boarding school status (i.e. whether the student is boarding or a day student)
- Names and residential addresses of the student's parent(s) and/or guardian(s)

Schools generate a record number for each student for the purposes of this collection, which is also provided to the department.

### Purpose of the collection

This collection is routinely used to inform Commonwealth school education policy, and to help ensure that Commonwealth funding arrangements for non-government schools are based on need, and are fair and transparent.

The National School Resourcing Board recently completed a review of the socio-economic status (SES) score methodology used in the calculation of the Commonwealth's needs-based funding arrangements for non-government schools. The information collected in the *statement of addresses* will be used to progress the Board's recommendations, which have been accepted by the Government.

Further information on this review and the Government's response can be found here:  
<https://www.education.gov.au/review-socio-economic-status-ses-score-methodology>.

### Use and disclosure of personal information

Your personal information is protected by law, including the *Privacy Act 1988* (Cth). Any use and disclosure of your personal information relating to the *statement of addresses* will occur in accordance with the Regulation.

Your personal information may be used by the department, or disclosed to the Australian Bureau of Statistics (the **ABS**), for the purposes of SES score policy development, reviewing SES score methodology, calculating SES scores, Commonwealth school education policy development (including school funding), or where it is otherwise required or authorised by law.

For example, your personal information may be provided to the ABS for statistical and research purposes, which includes data integration projects such as the Multi-Agency Data Integration Project (MADIP). Further information on the MADIP can be found here:

<http://www.abs.gov.au/websitedbs/D3310114.nsf/home/Statistical+Data+Integration+-+MADIP>.

The department may, from time to time, carry out audits of school submissions. In the event of an audit, contracted auditors may seek to compare a school's *statement of addresses* with student enrolment information held by the school. These contractors will not use the information for any other purpose.

The department may also be required to disclose your personal information to contracted providers for the purposes of the provision of ICT support services to the department.

The department does not intend to disclose personal information to overseas recipients.

### What do you need to do?

You are not required to do anything. Your school is responsible for providing the requested details to the department, however, please ensure that your school has the most up-to-date and correct details for your family.
