

FROM THE PRINCIPAL

Dear members of the Lisieux community,

Bonjour!

This week we warmly welcome two new families who have joined our learning community: Riley (Carmel Red) and Justin (Year 3) Cayzer and also Charlotte Braaksma in Year 6. On Monday next week, Erik Doughty will join Year 2. We welcome all our new families and hope you will feel very happy at Lisieux. Our current enrolment number is now 147.

Around this time of year, there is always hype in the media and around learning communities about NAPLAN. Next week students at Lisieux, and every other school around Australia, will sit the National Assessment Program - Literacy and Numeracy. Rather than being fearful of this process, we talk with our students about the following, and encourage families to share similar messages:

- The tests are one form of assessment only, and their purpose is to provide a snapshot of learning outcomes in specific areas. This data can be helpful for educators in planning future curriculum learning opportunities, but it can never tell us everything about a particular student's learning journey.
- There are many areas that NAPLAN does not, and cannot, assess such as character strengths or individual attributes. For example, the tests don't provide any information about musical talents, confidence in public speaking, kindness to others, sporting ability, resilience or how positively students are embracing the learning of a second language. Each of us is unique and at Lisieux we strive to celebrate these individual gifts and strengths, which add to the rich diversity of our community.
- We encourage our students to do their best in NAPLAN and in all other endeavours but we certainly don't want them to be anxious or feel concerned about this particular test. At the end of the day, our students' education is going to be shaped by many influences, and this outcome won't influence their success in life. NAPLAN will take place for Year 3 and 5 students at Lisieux next Tuesday (Language Conventions), Wednesday (Reading) and Thursday (Mathematics).

I'm looking forward to seeing some of our Lisieux mums and special female role models on Friday at our Mothers' Day High Tea. Motherhood is definitely a profession worth celebrating. Some say that it is the greatest thing and the hardest thing, and I believe this is pretty accurate. I've read that being a mother is learning about strengths you didn't know you had and dealing with fears you didn't know existed. For many, especially those who have lost their own mothers or experienced the grief of losing a child, Mothers' Day can also be a day of mixed emotions. The staff and students of Lisieux acknowledge the amazing role of motherhood in our society and wish all mums and those in mothering roles a most special and wonderful day.

God's blessings for the week ahead,

Susan Ryan

EXPRESSIONS OF INTEREST

Lisieux Catholic Primary School is calling for expressions of interest from Year 5/6 students to participate in this year's Great Victorian Bike Ride.

The Ride runs from Port Fairy to Torquay over 5 days from Wednesday 27th of November until Sunday 1st of December. On the ride we will have the opportunity to explore along the Great Ocean Road, through the Otways National Park while taking in the stunning Limestone Coast.

The ride costs \$539 which covers food for five days, campsites, medical and en-route support and allows the students to be a part of one of the largest, fully supported bicycle events in the world. There is no better way for our students to see a great part of Australia and learn about themselves and what they're capable of.

To help prepare interested parties Lisieux will provide all pre-event information, run a Bike Education program and hold training sessions.

If your child is interested in being a part of this please email Matthew Curry
matthew.curry@lisieux.catholic.edu.au

We would also need a parent helper to join us on this journey. If this is something you would be interested in could you also add that to the email.

Regards,

Dr. Susan Ryan
